Open Enrollment is Decision Time! April 16 – May 17, 2010

Open Enrollment is the time to make decisions about your **health care coverage and flexible reimbursement accounts** for the plan year starting on July 1. Consider your choices carefully based on what's best for you and your family.

Be sure to read all Open Enrollment information. A quick way to review your current elections is to visit EmployeeDirect. Questions? Contact your Benefits Administrator.

During Open Enrollment, you may:

- **Enroll in or change your health plan** to one available in your area. Includes adding or removing health plan optional buy-ups. See pages 4 and 5.
- **Add or remove dependents** from your coverage. Be sure to provide documentation that dependents you add are eligible. See page 2.
- **Waive your health care coverage** under the state program.
- **Enroll in a Medical and/or Dependent Care FRA** for tax savings. See page 7.

Remember! Submit your Open Enrollment actions by May 17, 2010.

**They will be in effect for plan year
July 1, 2010 – June 30, 2011.**

If you take no action during Open Enrollment:

- **COVA HDHP, Kaiser Permanente HMO or waived coverage:** Remain in the same plan and membership or waived.
- **COVA Care or COVA Connect:** Remain in the same plan unless you moved during the year. Includes your current buy-up option. See page 3.
- **Medical and/or Dependent Care Flexible Reimbursement Accounts:** You will not have an FRA. Enrollment is required each year.

Need more details? See your Plan Member Handbook or the new About Your Benefits booklet at www.dhrm.virginia.gov.

IMPORTANT!

National health care reform passed in March. Your Medical FRA cannot be used for over-the-counter drug expenses starting Jan. 1, 2011. Legislation permitting children up to age 26 to remain on their parents' health plan is not effective until after fall 2010. We will share updates as information is available.

Making Changes to Your Membership

You may add or remove dependents from your coverage at Open Enrollment. **When you add eligible dependents**, you must submit proof by the end of Open Enrollment that your dependents qualify for coverage. See the chart below for who is eligible and the documents required. Remember that at other times during the year documentation is required within 31 days of a change based on a qualifying mid-year event.

Thanks to all employees who participated in the recent dependent eligibility audit. **If you had dependents removed during the audit process**, your membership will be adjusted automatically effective July 1, 2010 based on the number of dependents covered on your record.

**The minor child must meet all of the eligibility requirements for a dependent child.

Monthly Premiums for July 1, 2010 – June 30, 2011

The state health benefits program's expenses continue to rise. Higher costs for the upcoming plan year are reflected in premiums rather than in out-of-pocket costs for services. Premiums will increase 3 percent and program reserves will absorb the remaining 1.1 percent of expense.

In COVA Connect or COVA Care?

Over the course of the year, employees moved into and out of the COVA Connect zip code area. Beginning July 1, all employees who moved before April 1, 2010 will be placed in the plan appropriate to their zip code. If you move on or after April 1, you may:

- Remain in your current plan, or
- Elect another plan within 31 days of the move, as long as you live within the new plan's service area.

Each year prior to Open Enrollment, the program will automatically adjust employees' plan enrollment for the upcoming plan year to be consistent with the area in which they live.

A Better Chance for Successful Weight Loss Surgery

Losing weight is a constant battle for many Americans, including state employees and their families. As waistlines expand, so do health issues related to being overweight or obese.

The state health benefits program has covered bariatric surgery for obesity for many years. A new education program launched in early 2010 will enhance the chances for successful surgery and improved health outcomes.

At the heart of the program is a powerful support system – a personal weight management coach. Why a coach? Provider and employee focus groups recommended support before and after surgery to help patients understand the lifestyle changes needed for ultimate success.

Program Highlights

Here are the basic components:

- **Who it's for:** COVA Care and COVA Connect members actively seeking bariatric surgery to treat obesity.
- **Goal:** Help surgery candidates break through personal barriers to achieve safe and effective long-term weight loss.
- **Weight coach:** Once you enroll, a weight management coach will provide 12 months of one-on-one goal-oriented support. Your weight coach will help you understand the emotional and

behavioral issues that are often linked to weight problems, and work with you toward nutrition and exercise goals.

- **Weight loss program:** You'll be required to participate in 12 months of a weight loss program such as Weight Watchers to help you make the best possible food and nutrition choices, and reach your weight loss goals.
- **Getting started:** Your bariatric surgeon will contact your health plan to request prior authorization for your surgery. If you meet the surgery criteria, you'll enroll in the 12 month pre-surgery program. After completing the program, you, your surgeon and your health plan case manager will determine if bariatric surgery is the right choice for you.
- **After surgery:** You'll continue coaching support for 24 months once your surgery is over. Why continue? It will help you transition to the changes in your life required for a long-term successful outcome of your surgery. Plus, if you remain in the coaching program for 12 months, the plan will refund half of your \$300 inpatient hospital copayment or \$125 outpatient hospital copayment. If you stay in the program for a full two years, you will get a refund of the remaining amount.

For more information on the education program, including Frequently Asked Questions, go to the DHRM Web site at www.dhrm.virginia.gov.

Put Dollars Aside in a Flexible Reimbursement Account

Put extra money in your pocket! Enroll in a Medical or Dependent Care FRA to save on your out-of-pocket costs for health care or child care. You save money because you pay for your eligible medical or dependent care expenses with pre-tax dollars. **New this year:** Over-the-counter drug expenses can no longer be reimbursed starting Jan. 1, 2011 based on national health care reform legislation.

FRA Contribution Guidelines

- **You may contribute \$10 or more each pay period** to both a Medical and Dependent Care FRA, up to \$5,000 per account per plan year. Make your contributions in whole dollars.
- **A monthly administrative fee applies.** The total fee is \$3.67 for all FRA accounts, and is deducted on a pre-tax basis.
- **A calendar year maximum** applies to Dependent Care FRAs. You cannot exceed this annual amount. If you enroll in a Dependent Care FRA for the plan year beginning July 1, carefully evaluate your elections to be sure they remain within IRS limits.
- **Use It or Lose It!** File for reimbursement on time or you will lose the remaining money in your accounts. File for reimbursement by:
Sept. 30, 2010, for an FRA ending June 30, 2010.
Sept. 30, 2011, for an FRA ending June 30, 2011.

See the *Flexible Benefits Program Sourcebook* for more information.

ENROLL NOW! You must enroll every year in an FRA.
 Current FRAs will end on June 30.

Use a Convenient myFBMC CardSM Visa[®] Card!

Pay for medical expenses upfront! Employees enrolled in a medical FRA receive the **myFBMC Card Visa card** from Fringe Benefits Management Company (FBMC), the Flexible Benefits plan administrator. It is your decision whether to use the card. Certain IRS rules will apply to the card's usage. You may still file a paper claims reimbursement form.

Keep your cards to use each plan year until their expiration date.

Medical FRA Reimbursement Cards and the IRS

When you use the **myFBMC Card** Visa card, there are certain IRS rules to follow regarding the validation of claims expenses. In certain cases, you must complete an FRA Claim Form, attach supporting documents, and send it to FBMC. **Your card will be deactivated if you fail to take this step.**

For more information:

- See the *Flexible Benefits Program Sourcebook*
- Visit the DHRM Web site at www.dhrm.virginia.gov, Employee Benefits, Flexible Benefits Program
- Go to www.myFBMC.com or call FBMC at 1-800-342-8017.

File FRA Claims Online!

Go "green" and file your claims reimbursement form on the Web! Simply scan your form into a computer and submit the scanned documents on the FBMC Web site. Acceptable document formats are .pdf, .jpg, .bmp or .gif. Instructions may be found at www.myFBMC.com.

Women's Health and Cancer Rights

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedemas.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan.

Special Enrollment Opportunity

The Children's Health Insurance Program Reauthorization Act of 2009 (CHIPRA) created two new Special Enrollment rights for certain eligible employees and dependents **who lose coverage or become eligible for premium assistance** under a Medicaid or state children's health insurance program. Employees must request coverage changes within 60 days of the eligibility determination. A notice will be included with your Open Enrollment materials containing additional information about the opportunity to enroll in the premium assistance programs.
